& Leadership

SOPA invites you to join the Grand celebrations to mark the completion of **50 Years of Soybean in India**, at the **6th International Soy Conclave**.

We are pleased to announce that the **6th edition** of The International Soy Conclave, the exclusive and unique annual event of the Soy Value Chain, will be held on **7th and 8th October, 2023** at the Brilliant Convention Centre, Indore.

This year's Conclave is special because it marks the 50 Years of Soybean in India and we will take you through the nostalgic five decades, during which soybean production reached from a mere 15000 tons to over 124 lakh tons in 2020. SOPA, which was formed in 1979 in a small room by six visionary entrepreneurs, today has a sprawling complex, infrastructure and facilities of international standards which makes it a truly national Apex Body of the Soy Sector.

In these times of extreme uncertainties and volatility, there is no better place than the Soy Conclave, where people representing the entire soy value chain such as scientists, technology and quality control experts, soy processors, traders, brokers, stockists, suppliers and buyers and above all, the policy makers, will be interacting and sharing information and knowledge. The Soy Conclave is also unique because it focusses more on content, meaningful dialogue and excellent presentations, rather than too much glamour and glitter.

Over the years, the event has become very

popular because of its rich programme content which includes presentations on –

- Latest technological developments
- Global demand and supply forecasts
- Price outlook session
- Most authentic crop estimates by SOPA
- Developments in Soybean cultivation
- Quality Improvement Session

Other than networking, the Soy Conclave offers an opportunity to the trade and industry to interact with their counterparts and conclude actual business on the spot.

Along with the conclave, an exhibition will also be held at the venue for display of products and services and directly reaching out to your customers and marketing your products/ services on a one-to-one basis to the entire soybean and edible oil trade and industry.

Please mark the dates **7th and 8th October, 2023** to attend the International Soy Conclave. The tentative programme, details of the conclave, souvenir and exhibition, along with the registration/booking forms will be shared soon.

We look forward to welcoming you at the Soy Conclave and together, making the event a grand success.
